Jelly BLADE®

THE ULTRA FLEXIBLE WATER BLADE!

New "Detailer" blade is great for drying rear view mirrors

Made of 100% soft silicone, the Jelly Blade is ultra flexible

Special "Extender" end gets into those hard-to-reach areas

We've engineered and designed a new and improved version of The Original California Jelly Blade® and added many key features and benefits. The "Extender" end allows the Jelly Blade to reach into tight areas, and the "Detailer" end is great for recessed surfaces like side-view mirrors. It's clearly the world's most efficient car drying tool and is proudly made in the USA!
